Instant #1 New York Times bestseller. "The Atlantic writer drafts a history of slavery in this country unlike anything you've read before" (*Entertainment Weekly*). Beginning in his hometown of New Orleans, Clint Smith leads the reader

on an unforgettable tour of monuments and landmarks—those that are honest about the past and those that are not—that offer an intergenerational story of how slavery has been central in shaping our nation’s collective history, and ourselves. It is the story of the Monticello Plantation in Virginia, the estate where Thomas Jefferson wrote letters espousing the urgent need for liberty while enslaving more than four hundred people. It is the story of the Whitney Plantation, one of the only former plantations devoted to preserving the experience of the enslaved people whose lives and work sustained it. It is the story of Angola, a former plantation-turned-maximum-security prison in Louisiana that is filled with Black men who work across the 18,000-acre land for virtually no pay. And it is the story of Blandford Cemetery, the final resting place of tens of thousands of Confederate soldiers. A deeply researched and transporting exploration of the legacy of slavery and its imprint on centuries of American history, *How the Word Is Passed* illustrates how some of our country’s most essential stories are hidden in plain view—whether in places we might drive by on our way to work, holidays such as Juneteenth, or entire neighborhoods like downtown Manhattan, where the brutal history of the trade in enslaved men, women, and children has been deeply imprinted. Informed by scholarship and brought to life by the story of people living today, Smith’s debut work of nonfiction is a landmark of reflection and insight that offers a new understanding of the hopeful role that memory and history can play in making sense of our country and how it has come to be.

As he adds everything he thinks his cabin needs, Henry's new home ends up being a lot bigger than it looks! AN INSTANT NEW YORK TIMES BESTSELLER

The twisty new thriller from the New York Times bestselling author of *The Couple Next Door* and *A Stranger in the House* A weekend retreat at a cozy mountain lodge is supposed to be the perfect getaway . . . but when the storm hits, no one is getting away It's winter in the Catskills and Mitchell's Inn, nestled deep in the woods, is the perfect setting for a relaxing--maybe even romantic--weekend away. It boasts spacious old rooms with huge woodburning fireplaces, a well-stocked wine cellar, and opportunities for cross-country skiing, snowshoeing, or just curling up with a good murder mystery. So when the weather takes a turn for the worse, and a blizzard cuts off the electricity--and all contact with the outside world--the guests settle in and try to make the best of it. Soon, though, one of the guests turns up dead--it looks like an accident. But when a second guest dies, they start to panic. Within the snowed-in paradise, something--or someone--is picking off the guests one by one. And there's nothing they can do but hunker down and hope they can survive the storm--and one another. *Life Is Better At The Cabin* Funny guest book, journal, diary, doodle book, list book or notebook with rustic log cabin in the woods and arrow graphic. From the bestselling author of Rich and Pretty comes a suspenseful and provocative novel keenly attuned to the complexities of parenthood, race, and class. Leave the World Behind explores how our closest bonds are reshaped—and unexpected new ones are forged—in moments of crisis. Amanda and Clay head out to a remote corner of Long Island expecting a vacation: a quiet reprieve from life in New York City, quality time with their teenage son and daughter, and a taste of the good life in the luxurious home they've rented for the week. But a late-night knock on the door breaks the spell. Ruth and G. H. are an older couple—it's their house, and they've arrived in a panic. They bring the news that a sudden blackout has swept the city. But in this rural area—with the TV and internet now down, and no cell phone service—it's hard to know what to believe. Should Amanda and Clay trust this couple—and vice versa? What happened back in New York? Is the vacation home, isolated from civilization, a truly safe place for their families? And are they safe from one another?

In How to Get Away, Jon Staff and Pete Davis consider our troubled relationship with technology, urbanization, and work.

When and why have we become so dependent on our cell phones? How do green spaces--and the lack of them--affect our minds, bodies, and relationships? Why is it so hard for us to set aside our work and take a real vacation? Blending cultural history with contemporary research and insights from scholars and trend-watchers, Staff and Davis present a compelling case for restoring balance between technology and disconnection, city and nature, and work and leisure. Along the way, the authors draw on their own experience, the lives of pioneers and innovators like landscape architect Frederick Law Olmsted and conservationist Margaret Murie, lifestyle trends like homesteading and hygge, and the wisdom of philosophers, poets, and scientists ranging from Aristotle to Oliver Sacks. *How to Get Away* offers a nuanced perspective on our past, a call to action for our present, and a hopeful vision for a more balanced future.

After a series of shattering losses, all Jackson Sansbury wants is solitude. Hoping to escape his

tiny hometown of Trinity Falls, Ohio, with its concerned neighbors and painful memories, he's purchased a secluded cabin resort and thrown himself into renovating the property. He doesn't expect any distractions--until an unlikely guest arrives--a woman who hasn't roughed it a day in her life, yet whose fearlessness just might be contagious. . . A successful songwriter, Los Angeles native Audra Lane has come to Harmony Cabins to recharge her creativity. She's not looking for company, but she does need a guide--and she can't help noticing the sexy, albeit grumpy, Jackson. Soon she discovers that this insightful, private man has more to teach her than how to hike and fish. And as Audra inspires Jackson to express his emotions, the two find themselves falling in love. But neither can hide in the woods forever--and when the past brings challenges, their newfound strengths will be put to the test. . . Praise for Regina Hart's Trinity Falls "Rich and satisfying, with just the right amount of heat." --LuAnn McLane
