

Cambridge Academic English B1 Intermediate Teachers Book

"English Vocabulary for Academic Success" is for you if you are an English language student. With this workbook and its dictionary, you will learn the most important academic words that you will need for passing the TOEFL test and other tests. These words are important for you for understanding English in college and university courses. "English Vocabulary for Academic Success" is for you if you are studying English at the intermediate or advanced level. This vocabulary book is for you if you already know about 2,000 basic English words and if you want to study at a college or university in an English-speaking country. With "English Vocabulary for Academic Success," you will learn 540 words from the Academic Word List. You can check your answers using the answer key at the end of each unit and find more information about each word in the dictionary section. This workbook has 10 units, with 54 words per unit. By studying for one hour a day, you can finish one unit in about one week. Not only will your vocabulary improve, but also your grammar will improve as you practice changing the parts of speech (noun, verb, adjective, adverb, etc.), changing nouns from singular to plural and changing verb endings. Your spelling will improve because you have to spell each word accurately. There are exercises for producing each word seven or eight times: definition exercises (one sentence in context); "parts of speech" exercises (two sentences in context); collocations exercises (two or

Download Free Cambridge Academic English B1 Intermediate Teachers Book

three sentences in context); synonyms Crossword Puzzles; review exercises (one sentence in context). Each unit has a dictionary with: definitions; parts of speech; collocations for each definition and each part of speech; additional definitions for idiomatic uses; synonyms; many sample sentences. Collocations are the key to producing vocabulary words the way native speakers do. A collocation is a word or group of words that naturally go together with a specific word. For example, the word "context" has the collocation "to take (something) out of." Thus, a native speaker would say "Please don't take my words out of context." There are thousands of collocation examples in "English Vocabulary for Academic Success." By learning these words, you will know almost 90% of the words that you read and hear in academic situations. You will read faster and understand much better. Your academic writing will improve because you will be able to produce the words with accurate grammar and spelling and use them with their correct collocations the way native speakers do. By knowing these words, you will have a greater chance to pass the TOEFL and other tests. Free Quizzes: Professionally prepared quizzes for each unit are available for instructors whose students are required to use this textbook. Please find more information in the preface of the book. Instructors whose second language is English will find this book extremely useful. This book provides thousands of examples of how native speakers of English use vocabulary in real-world situations. There are nearly 4,000 contextualized sentences in exercises of the ten units, as well as hundreds more sentences in

the dictionary section of each unit.

Business Benchmark helps students get ahead with their Business English vocabulary and skills and gives them grammar practice in business contexts. Teachers can choose from the BEC edition or the BULATS edition at the right level for their students. Cambridge University Press with validated assessment from the experts at Cambridge English Language Assessment. Empower's unique mix of engaging classroom materials and reliable assessment, with personalised online practice, enables learners to make consistent and measurable progress.

Collocations are combinations of words which frequently appear together. Using them makes your English sound more natural. Presents and explains approximately 1,500 word combinations in typical contexts using tables, charts, short texts and dialogues.

The adoption of English as the language of study and scholarship is becoming increasingly common among universities across Asia. But does this adoption of the English language not also mean the adoption of Western approaches to scholarship and knowledge? This most timely and important book critically examines how EAP practitioners can negotiate between Western and Asian academic practices and approaches to knowledge and scholarship and is essential reading for anyone involved in international education. [Andy Kirkpatrick, Professor in Linguistics, Griffith University]

Four past exam papers for Cambridge English Advanced, also known as Cambridge Advanced Certificate in English (CAE). The syllabus for the Cambridge English: Advanced (CAE) exam has changed, and this product is no longer suitable preparation material. New Cambridge English products are available to suit the requirements of the new syllabus.

Gives students further practice in academic study skills.

Put theory into practice with with exercises which test your knowledge and challenge your understanding

Introduction to International Legal English is an intermediate level course for law students or newly-qualified lawyers who need to use English in their legal work or studies. Suitable for classroom use or self-study, the course prepares learners for using English in a commercial law environment. Using authentic legal texts and case studies supplied by TransLegal®, Europe's leading firm of lawyer-linguists, the course develops an understanding of the law and consolidates language skills. Featuring both academic and professional contexts, Introduction to International Legal English is an ideal starting point for preparing for the Cambridge ILEC examination.

The spread of English as an international language along with the desire to maintain local languages lead us to consider multilingualism as the norm rather than the exception.

Consequently, bi/multilingual education has bloomed over the last decades. This volume deals with one such type of education currently in the spotlight as an essentially European strategy to multilingualism, CLIL (Content and Language Integrated Learning), in which curricular content is taught through a foreign language. The book contributes new empirical evidence on its effects on linguistic and attitudinal outcomes focusing on bi/multilingual learners who acquire English as an additional language. Moreover, it presents critical analyses of factors influencing multilingual education, the effects of CLIL on both language and content learning, and the contrast between CLIL and other models of

Download Free Cambridge Academic English B1 Intermediate Teachers Book

instruction. The research presented suggests that CLIL can greatly enhance language acquisition in multilingual settings. Provides exercises and instruction for writings skills, including capitalization, formatting paragraphs, and complex sentences.

A four-level skills series for adults and young adults. Learners can develop the skills they need to write English confidently wherever they are - at home, at work, travelling, studying or just in social situations with English-speaking friends. This edition comes without answers.

"Do you need to supplement an EAP course with fun, interactive activities that address the serious aspirations of academically-focussed students? Communicative Activities for EAP provides innovative EAP teaching ideas suitable for a wide range of contexts. This is an invaluable handbook for new, experienced or relief teachers of language support programmes, as well as for those teaching intensive language courses for undergraduate and postgraduate students in EFL and ESL/EAL contexts. The key principles of communication in the classroom, authenticity in terms of tasks and texts, learner autonomy, and critical thinking and analysis underpin all the activities, and typical academic topics are used as examples in every case. For ease of access, the activities are organised into six chapters: Speaking, Listening, Reading, Writing, Vocabulary development and Grammar. The accompanying CD-ROM contains a bank of print-ready photocopiable material"-- Provided by publisher.

This three -level course provides students with the academic skills and language needed for university study. Aimed at students of all disciplines, the course consists of ten integrated skills units that develop academic language and critical thinking skills essential in academic contexts"--Back cover.
