The second in a series of books on Aston Martin which deals with the period after the second-world war. Although the Company managed to survive the war, Gordon Sutherland didn't have enough funds to put into production the promising "Atom" prototype. David Brown was the next enthusiast to take the name forward, along with Lagonda, which he had also purchased. These were exciting times for Aston Martin which started with the 2-Litre - which evolved into the stylish DB2 - and the famous Italian-designed DB4. Next came the super-car era

and the DB5, made famous by Agent 007, James Bond, and this was followed by the DB6, now more of a grand tourer than a sports car.

" ¿Quién ha dicho que la vida es un sueño? La vida es un juego." Desde Algeciras a Ksar Achbarou (O las tribulaciones de un funerario en apuros) es la historia de un periodista en paro, víctima de la crisis de 2008, que se ve obligado a trabajar como operario en una empresa de pompas fúnebres. Cuenta las peripecias de la expedición que el personaje tiene que realizar a los umbrales del desierto del Sáhara, en pleno corazón de Marruecos, para trasladar el cadáver de un joven migrante ahogado en aguas del estrecho de Gibraltar como consecuencia del naufragio de su patera. Una novela basada en hechos reales y aderezada con reflexiones, toques de humor, drama, romance, más una pizca de misterio y suspense, en la que el protagonista hace, además, un repaso de algunas páginas de su propia biografía, a la vez que se ve envuelto accidentalmente en una inesperada trama de terroristas y espías.

From the award-winning author of *The Boy Detective Fails*: A novel of two brothers growing up on the other side of the tracks. "A trailer park in the Plains town of Tenderloin is the setting of this crusty coming-of-age debut, which features some of the liveliest characters just this side of believable that one is apt to meet in a contemporary novel. The first-person narrator is a moral but susceptible eleven-year-old called Dough, who lusts after his fifth-grade teacher and idolizes his trouble-making older brother, Pill-Bug. The boys, who are new to

the town and shamed by the stigma of living in a trailer, were named by a father who wanted them to remain tough and who ended up dying while smuggling cigarettes along a Texas highway. Their mother and her new boyfriend, French, are low-life swingers, allowing the siblings to spend nights with Val, who entertains a slew of men but whom Dough worships as a virginal Madonna. Dough's own adoring friend is Lottie, a slightly deranged girl who offers Dough a gift of one of her taxidermist father's specimens; meanwhile, Pill-Bug earns a special affection from Lunna, a high school floozy. Each character is vividly described . . . Meno's passionate new voice makes him a writer to watch.”
